

EXPERIENCE REPORTS ON PROFESSIONAL PRACTICES

EXPERIENCE REPORTS ON PROFESSIONAL PRACTICES

Experience Reports are personal narratives, theoretically grounded, without institutional or third party identification, without presenting data obtained in interviews, without obtaining information that requires CEP approval. Research that aims at the theoretical deepening of situations that emerge spontaneously and contingently in professional practice, as long as they do not reveal data that can identify the subject. Or the activity carried out with the sole purpose of education, teaching or training without the purpose of scientific research.

This type of contribution must have between 20 and 25 pages, including summary, abstract, figures, tables and references. An abstract and keywords must be presented in Portuguese, abstracts and keywords in English, French, Spanish and, optionally, in the author's mother tongue, each containing between 250 and 300 words.
